“Promoting the Use of Technology”

“Quest for Excellence”

This is to inform all the employees that the following rules and regulations will be followed regarding HR Policies w.e.f. **01.07.2020**.

This HR Manual has been written to provide information and guidance to SA employees. This handbook is designed to acquaint you with SA and provide you the information about the working environment, the benefits and the policies effecting the employment. You should read, understand and comply with the policies of SA. The handbook describes the responsibilities as an employee. The objective of SA is to provide a conducive environment for both personal and professional development of the employees and moreover given the reality of a complex, ever- evolving organization. The information in this handbook is subject to change at any time with or without notification. However all efforts will be made to keep employees informed of any changes to the handbook. This handbook was prepared as a resource for answers to questions you may have from time to time and to encourage understanding of the organization. It is not intended as a complete guide and should not be considered or relied on, as a contract of employment.

We recognize that new employees in particular are bound to have many questions relating to their specific position or responsibilities. You are encouraged to direct any specific enquiries you may have to your HOD / Coordinator / In charge or to contact the personnel department of SA for additional information or assistance.

NATIONAL CONFERENCE ON "E - LEARNING IN GLOBAL SCENARIO"

About The College

Sandipani College of Education is managed by Sandipani Academy, registered under Chhattisgarh Society Registration act. It is situated at Pendri (Masturi) Bilaspur. To gradually evolve as a thriving research and development centre for the teacher education and school education in the state and to offer such innovative teacher education programme that create the potential to produce high-quality educational personnel in future for the School System. To promote learning that stimulates learners to reach their full potential throughout their life and create, empowered, committed, compassionate and skilful healthcare providers who make a difference in building a healthy family, community and nation.

About the Conference

E-Learning is an emerging methodology of modern education. It offers a highly flexible and convenient education platform that can be easily adopted and implemented for education programs, from primary school to university education. E-Learning, or electronic learning, is the delivery of learning and training through digital resources. Although eLearning is based on formalized learning, it is provided through electronic devices such as computers, tablets and even cellular phones that are connected to the internet. This makes it easy for users to learn anytime, anywhere, with few, if any, restrictions. Basically, eLearning is training, learning, or education delivered online through a computer or any other digital device.

Objective of the Conference

1. Enhance the quality of learning and teaching.
2. Meet the learning style or needs of students.
3. Improve the efficiency and effectiveness.
4. Improve user-accessibility and time flexibility to engage learners in the learning process.

SHRI RAWATPURA SARKAR WORKSHOP ON RESEARCH METHOD AND BASIC STATISTICS

SHRI RAWATPURA SARKAR
UNIVERSITY, RAIPUR
Workshop on Research Method and Basic Statistics
(An initiative of Internal Quality Assurance Cell)
25-26 November, 2022

About the Workshop

Most of the users of statistics, as a decision making tool, feel themselves handicapped in selection of an appropriate statistical tool, understanding the theoretical concept and interpretation of results in a meaningful way. It is really difficult for a person who is not well versed with research methodology and the core philosophy of statistics. The present workshop aims to expose the participants towards simple and exhaustive ways of data analysis through interactive and practice based sessions along with theoretical learning. The sample data set will be provided to participants to learn about statistical tools interactively so that they may gain confidence and expertise in conducting research in their respective subject domains. The main software used in the workshop will be Microsoft Excel with an exposure of same with SPSS.

Thematic Clusters:

Lecture supported

Developing the understanding the data type, basic idea of sampling, idea of sample size determination

Lecture and hands-on supported

- Univariate summary of variables (Graphical descriptors and Numerical descriptor): Drawing of graphs with purpose and explanations. The concept of covering the data to a point and its properties along with shape of distribution will be covered under numerical descriptors.
- Bivariate summary of variables: Developing understanding of covariance, different types of correlation, association from data.
- Inferences from data drawn from population: it will be based on developing idea of decision making about parameters using parameter estimation, Confidence Interval, Hypothesis

RESEARCH METHODOLOGY

Research Methodology is the specific procedures or techniques used to identify, select, process and analyze information about a topic. In a research paper, the methodology section allows the reader to critically evaluate a study's overall validity and reliability. The methodology section answers two main questions : How was the data collected or generated? How was it analyzed?

MAJOR TOPICS

This workshop will preliminary an overview of Research Methodology. The Scope of workshop is to cover theoretical discussion and practical exposure on the different aspect of research. These include types of research, variable, hypothesis testing, types of data, test of significance (t-test, Chi-square, F-test, analysis of variance, correlation, regression).
