

## **DVV Clarification**

### **Metric ID :**

2.2.2 Mechanisms are in place to honour student diversities in terms of learning needs; Student diversities are addressed on the basis of the learner profiles identified by the institution through

### **DVV Query:**

- Relevant documents highlighting the activities to address the student diversities
- Reports with seal and signature of Principal
- Photographs with caption and date, if any

### **Response:**

The document was already uploaded in SSR. It is again being provided Relevant documents highlighting the activities to address the student diversities, Reports with seal and signature of Principal and Photographs with caption and date, if any for DVV clarification.

**REPORT****MENTORING ACADEMIC COUNSELING**

The trainee is an important part of the college. As soon as the trainee takes admission in the college, the responsibility of the institution towards the trainee increases. Guidance is of great importance in the life of the trainees. For the day-to-day academic related problems of the students, the college appoints mentors for the trainees through whom they can tell all their problems to their mentor. Also the mentor regularly meets the students to review their attendance, their progress, to give advice and help. This is a regular process in which counseling of the students is done keeping in mind the academic and career related matters.

Along with this, we express our heartfelt thanks to our college director Mr. Mahendra Choubey, Administrator of Sandipani Academy Mrs. R. Senkathir Selvi, Principal of Education Department Dr. Rita Singh, Co-ordinator Ms. Dipati Singh Rathore and all the staff members who contributed equally in making this programme successful.

Mentor's - Mentee Activity

Mentor's Name - Dipti Singh Rathod

Date - 10/Dec/2021

Programme Name - Ground Visit

Today on the date 10/12/21 in Sandipani Academy Pandri Masturi Education Department Students Mentor brought his Mentees for the ground visit. The main motive of the visit is to making students more families with him. The Mentor proposed a very friendly environment to students and ask them whether the students have any. They told that every thing is alright and they are feeling very good.

The Mentor also shared some experience of him and explained that life is full of zigzag moments. If problems come, don't be ashamed of sharing

All Mentees was quite happy & excited for next meeting.

**Mechanisms are in place to honour student diversities in terms of learning needs; Student diversities are addressed on the basis of the learner profiles identified by the institution through**

### **3. Remedial Learning Engagement**

**REPORT**

**REPORT ON REMEDIAL LEARNING ENGAGEMENT**

In Remedial learning engagement the role of the teacher is vital, and it has been noted that these ideas can act as guiding principles for creating effective Remedial learning engagement.

The college provides the facility of Remedial classes to the trainees so that they can improve their learning and teaching skills and efficiency in their work. Here the teachers provide complete help to the trainees in whatever problems they see related to their subject or written material.

## 2.2.2

**Mechanisms are in place to honour student diversities in terms of learning needs; Student diversities are addressed on the basis of the learner profiles identified by the institution through**

**4. Learning Enhancement / Enrichment Inputs**

## REPORT ON LEARNING ENHANCEMENT OR ENRICHMENT INPUTS

To increase the efficiency and skills of every child, the college organizes many programs from time to time, through which their holistic development of student teachers through learning enhancement.

- **Guest lectures**  
Guest lecture can be a valuable learning experience for student providing them with new insight and ideas and the opportunities to increase the expert in the field.
- **Workshop**  
A workshop may introduce a new concept, inspire participants to investigate it further on their own, or demonstrate and encourage the practice of actual methods. This is a great way to teach practical skills.
- **Seminar**  
The main objective of seminar is to assemble the like minded intellectual and their professionals to trade ideas thoughts and news related to specific topic.
- **Life skills Programme**  
The life skills are essential for success and happiness and life can be learnt in any style in life and effective learning can bring substantial improvement in the overall quality of life the life skills are very important for the students to make positive difference in their life.
- **Co-curricular activities**  
Other activities are also organized by the college from time to time. Along with studies, participating in various activities in the college not only increases the confidence of the students but also helps in the intellectual, emotional, social, moral, creative and physical development of the children.
- **ICT use in Teaching Learning Process**  
New technological tools not only bring innovation to academic centres, but also speed up the transfer of information, increase student interest, and allow processes to be automated, among other aspects to be taken into account. It improves concentration.
- **Practicum**  
Practicum helps in creating practical knowledge among student-teachers. It helps to develop creative thinking among students and teachers and to develop their collaborative attitude. Practicum helps in implementing various theoretical aspects in the practical field. Practicum converts to real life among student teachers.

## REPORT ASSISTIVE DEVICES AND ADAPTIVE STRUCTURES (FOR DIVYANGJAN)

Individual differences are seen in the college and due to these individual differences, efforts are also made to promote inclusive education in the college. The college also provides the facility of assistive devices for the disabled. Assistive devices are devices that improve the quality of life of the disabled by providing assistance to them in their mobility, communication and daily activities. These devices are used to help the disabled.

**BILINGUAL LANGUAGE LAB****SESSION - 2022 - 23****DATE - 04.02.2023****संदर्भ**

स्वातंत्र्य विचारों के बाद माध्यमिक शिक्षा के क्षेत्र में अति तीव्र विकास हुआ। अनेक माध्यमिक विद्यालयों का निर्माण किया गया और उन्हें पढ़ाने वाले छात्रों की संख्या में भी वृद्धि हुई।

स्वातंत्र्य भारत में राजनीतिक और सामाजिक परिस्थितियों बढ़ी तीव्र गति से परिवर्तन हो रहा था उनमें सामंजस्य स्थापित करने के लिए माध्यमिक शिक्षा के पुनर्निर्माण की आवश्यकता का अनुभव किया गया। 1948 में केन्द्रीय शिक्षा आयोग द्वारा जोर्ड ने सरकार के सामने प्रस्ताव रखा कि माध्यमिक शिक्षा की जांच करने के लिए एक आयोग की नियुक्ति की जाए। 1951 में जोर्ड ने फिर अपनी राय को दोहराया उसने बलपूर्वक कहा कि माध्यमिक शिक्षा का पुनर्निर्माण बहुत ही आवश्यक है क्योंकि माध्यमिक शिक्षा एकमात्र ही बन गई है। उसे समायोज्य करने वाले छात्रों के सामने विभूविद्यालय में प्रवेश करने या नीकटी की खोज में भटकने के अलावा और कोई रास्ता नहीं है विभूविद्यालय शिक्षा आयोग में यह विचार आस किया कि उच्च शिक्षा के विकास के लिए माध्यमिक शिक्षा का पुनर्निर्माण बहुत आवश्यक है आवश्यक समझा गया कि माध्यमिक शिक्षा को छात्रों की रुचि और रुझानों के अनुसार बनाया जाए जिससे वह शिक्षा में वास्तविक लाभ उठा सके।

**Introduction**

After independence, there was a very rapid development in the field of secondary education. Many secondary schools were built and the number of students attending them increased progressively. The political and social situation in independent India was changing very rapidly. In order to reconcile them, the need for reconstruction of secondary education was felt. In 1948, the Central Advisory Board of Education proposed to the government that a commission should be appointed to investigate secondary education. The

## REPORT

### MENTORING /ACADEMIC COUNSELING

The trainee is an important part of the college. As soon as the trainee takes admission in the college, the responsibility of the institution towards the trainee increases. Guidance is of great importance in the life of the trainees. For the day-to-day academic related problems of the students, the college appoints mentors for the trainees through whom they can tell all their problems to their mentor. Also the mentor regularly meets the students to review their attendance, their progress, to give advice and help. This is a regular process in which counseling of the students is done keeping in mind the academic and career related matters.

Along with this, we express our heartfelt thanks to our college director Mr. Mahendra Chaubey, Administrator of Sandipani Academy Mrs. R. Senkathir Selvi, Principal of Education Department Dr. Rita Singh, Co-ordinator Ms. Dipti Singh Rathore and all the staff members who contributed equally in making this programme successful.

### 4. Learning Enhancement / Enrichment inputs

## **REPORT ON LEARNING ENHANCEMENT OR ENRICHMENT INPUTS**

To increase the efficiency and skills of every child, the college organizes many programs from time to time, through which their holistic development of student teachers through learning enhancement

- **Guest lecture**  
guest lecture can be a valuable learning experience for student providing them with new insight and ideas and the opportunities to increase the expert in the field
- **Workshop**  
A workshop may introduce a new concept, inspire participants to investigate it further on their own, or demonstrate and encourage the practice of actual methods. This is a great way to teach practical skills
- **Seminar**  
The mean of objective of seminar is to assemble the like minded intellectual and their professionals to trade ideas thoughts and news related to specific topic
- **Life skills Programme**  
The life skills are essential for success and happiness and life can be learnt it any style in life and effective learning can bring substantial improvement in the overall quality of life the life skills are very important for the students to make positive difference in their life.
- **Co- curricular activities**  
Other activities are also organized by the college from time to time. Along with studies, participating in various activities in the college not only increases the confidence of the students but also helps in the intellectual, emotional, social, moral, creative and physical development of the children.
- **ICT use In Teaching learning Process**  
New technological tools not only bring innovation to academic centres, but also speed up the transfer of information, increase student interest, and allow processes to be automated, among other aspects to be taken into account. It improves concentration.
- **Practicum**  
Practicum helps in creating practical knowledge among student-teachers. It helps to develop creative thinking among students and teachers and to develop their collaborative attitude. Practicum helps in implementing various theoretical aspects in the practical field. Practicum connects to real life among student-teachers.
