

CRITERION- VII

DVV Clarification

Metric ID :

7.1.6 Institution is committed to encourage green practices.

DVV Query:

- video / Geo-tagged photographs related to Green practices adopted by the institution.
- Circulars and relevant policy papers for the claims made.
- Snap shots and documents related to exclusive software packages used for paperless office.
- Income Expenditure statement highlighting the specific components.

Response:

- The document was already uploaded in SSR. It is again being provided Geo-tagged photographs related to Green practices adopted by the institution, Circulars and relevant policy papers for the claims made, Snap shots and documents related to exclusive software packages used for paperless office and Income Expenditure statement highlighting the specific components for DVV clarification.

DEVELOP PLASTIC-FREE CAMPUS

Sandipani Academy Pendri, Masturi, Bilaspur (C.G.) has adopted some of practices to develop plastic free campus. We have also run “Say no to plastic” mission. One way plastic are not used in our institute.

1. USE OF STEEL/GLASS WATER BOTTLE.

Students and teachers are encouraged to carry water in steel/glass (Permanent) bottles in spite of plastic bottles. More students now carry their own bottles, which they can refill at the College’s water filters.

R. Singh

Principal

2. USE OF ONLY STEEL UTENSILS IN CANTEEN

There are noplactic plates, plastic glasses and spoons or straws used in our canteen or in college function instead biodegradable utensils are used. At college and hostels, guests and visiting faculty are no longer offered thosesmall, disposable bottles; conference rooms have water jugs and glasses.

PAPER LESS STUDY BY STUDENTS

While moving towards paperless study it is of utmost importance that the learners are connected to ICT. It is important for the students to be connected to ICT so that: They learn 21st century skills and develop their ICT capability and ICT literacy. Their achievement levels improve. They can be prepared for the integrated society driven by ICT development. Also the learners move from the traditional education system to the advanced system so that they do not have to search for books or notes at the right time. They can continue their studies even in the absence of books and notes by using ICT.

QR CODE FOR ONLINE PAYMENT

The way we live, work, study and pay for things has changed drastically. Most activities have moved from the physical world to the virtual world, and education is no exception. Paying college fees online through platforms like paytm(QR CODE) by our institution has become more convenient for the students.

ATTENDANCE BY USING BIOMETRIC MACHINE

Using a biometric attendance system eliminates the need for manual time keeping. This saves employee time, reduces staffing costs and gives the payroll department an accurate picture of labor data. This helps in the effective management of overall institutions operations and increases productivity.

WASTE MANAGEMENT POLICY

A. Singh

Principal
Department of Education
Sandipani Academy
Pendri (Masturi) Bilaspur (C.G.)

WASTE MANAGEMENT POLICY

The College's Waste Management program reflects its efforts to reducing environmental harm by efficiently managing waste and implementing sustainable practices that transform waste into a resource that can be reused. Campus wide initiatives of 3R (reducing, reusing and recycling) principle by our college are helping in achieving green and clean lifestyle.

Objectives

1. To conduct waste management in compliance with all legal waste requirements, including the duty of care, while preparing for future legislative changes and lessening their impact.
2. To foster environmental consciousness to boost waste reduction, reuse, and recycling efforts.
3. To decrease the creation of waste at the source and support the repair, reuse, and recycling of materials in a manner that is both cost-effective and prioritizes these methods over waste disposal.
4. To invest in the growth of recycling facilities on campus and convert waste into products with added value.
5. To safeguard the environment with effective waste management strategies.
6. To advocate for a comprehensive approach to waste management within the campus.

Procedure**Solid Waste Management**

The Institute educates students and staff on proper waste management practices through lectures, advertisements on notice boards and through periodic awareness programs through slogan boards on cleanliness. The waste is collected daily and dry and wet waste is segregated into different colored dustbins. Different colored dustbins are used for different waste. Green for wet waste, blue for dry waste, yellow for paper/plastic, red for sanitary and dirty clothes, black for e-waste. The Institute has kept dustbins outside all the rooms and in the staff room to collect the garbage. Waste in form of broken furniture is brought in reuse after assembling the usable part out of function.

- **Recycling Paper Waste**

The college gathers, stores, and recycles used paper appropriately. Unused pages from these papers are repurposed for sending notices and other official communications.

- **Disposal of Food Waste**

Waste disposal systems are installed in all hostels and the canteen. Food waste contributes to bio fertilizer production through vermi composting, which is then used in the maintenance of plants. Service providers remove and dispose of waste from campus food outlets.

- **Recycling of Leaf Litter**

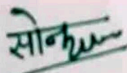

Leaf debris is utilized for mulching around trees on campus to maintain moisture and improve soil nutrients. Dry leaves and other botanical waste are converted into organic fertilizer, enhancing the soil quality of the campus.

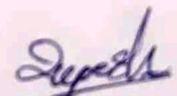

Liquid Waste Management

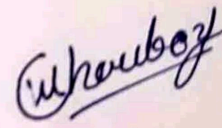

- The waste chemicals mixed water from laboratory passes through concealed pipe line into soak pit.
- Bathroom wastewater is channeled through drainage pipes and expelled from the campus, preventing water stagnation. Hostel and mess wastewater is repurposed for irrigating campus gardens.

E-Waste Management

- Electronic waste, such as fluorescent tubes, CFLs, LEDs, and computer components, is collected and disposed of annually on campus.
- For the E- Waste institute has signed a MoU with the company .
- Empty toners, cartridges, outdated computers and electronic items are sold as scrap to ensure their safe recycling.
- Old monitors and CPUs are repaired by our technician and reused.

NATURE AND CAMPUS ECO FRIENDLY CELL

The Nature and Campus Eco Friendly Cell in the institute was established in 2021 with the purpose to make decision and practices for healthy environment and eco friendly campus. The cell works to fulfil specific objective which are necessary to waste management, Energy conservation, Water conservation and related issues for healthy and eco friendly campus.

Objectives:-

- To facilitate healthy practices.
- To organised relevant programs to promote healthy practices.
- To facilitate rainwater harvesting, energy conservation, solar light, LED lights.
- To promote and maintain green Ambience.
- To maintain the record of the activities conducted and submit the same to the IQAC committee.

Members of Nature and Campus Eco Friendly Cell:-

Chairperson-Principal.

Members-

Mrs. Rita Singh	Inc. Principal	Chairperson
Ms. Dipti Singh Rathore.	Assistant professor	IQAC Coordinator

Meeting report

The first meeting of **Nature and Campus Eco Friendly Cell** of Sandipani Academy, Pendri, Masturi was held on 11.01.2021 in the 2nd floor staff room office at 3:00 p.m.

Agenda of the meeting:-**Agenda:-**

- Discussion regarding objectives and implementation works related to Cell.
- Preparation of list of programs that can organise related to objective of Cells.
- Discussion on how we can make our campus to eco friendly.
- Programs related to eco friendly must be organised also outside.

Proceeding:-

Meeting started with a warm which the chairperson of **Nature and Campus Eco Friendly Cell** discussed about objectives of nature and campus Eco friendly cell of the college she assigned duties to cell members to identify the areas where we can put efforts to make our campus eco friendly. She further added that the cell will work practice related to health, plantation practices and awareness related practice.

Action Taken:-

On the basis of recommendation made by club meeting, following suggestion for reducing power consumption in the campus were taken:

- Organize awareness programs to promote awareness amongst College campus nearby villages about **tree plantation**, Waste management and Energy Conservation.
- Dustbin of different colour and LED lights will be placed at campus.

MOVE TOWARDS PAPER LESS OFFICE

The purpose of paperless classroom or office is to digitally communicate and work between teachers and their students without any manual help. The main purpose of digitalisation is to reduce the cutting of trees due to maximum use of paper. Our institution is moving towards paperless office today, thereby taking a step forward to play its part towards environmental protection. Paperless teaching is a creative way of teaching course material and collecting student work. Imagine a classroom environment with no notebooks. No paper versions of assignment sheets, lesson handouts, and checklists. Teaching a completely paperless classroom would be extremely difficult, but going paperless is not impossible. The days of pen and paper are long gone, students are technologically advanced, and our institution is embracing new ways of communicating information for toward paper less office.

Creating a paper-free office/Campus is an ongoing process in the institution which can be drive with all body's effort of campus. It will also helps in setting up completely less Carbon Emission Campus. Following are a few paperless options at college:

- Customized digital forms are used in spite of physically on paper forms.
- Use of apps by college employees to scan paper documents when needed and save them to the appropriate place.
- Encouragement to staff and students to use laptops, tablets, and mobile phones for meetings and notes taking.
- College also switches from paper handouts to digital files emailed to each team member in advance. Encourage the use of note-taking apps.
- Other employees will embrace options to completely digitize their note taking, using apps on their phones or other devices.
- Apps like Whatsapp, Facebook and Messenger, Zoom, Google meet are used by teachers and students to communicate, which has improved efficiency and productivity and has made us more connected than ever.
- Use of Digital Library websites which provides digital books & notes in spite of using hard books.
- We have also subscribed for N-List.
- Train students how to use digital library & many free of cost digital libraries.

SESSION- 2022-23
ACTIVITY REPORT

ACTIVITY NAME : TREE PLANTATION.

DATE : 12.09.2022

PLACE : PENDRI, MASTURI, BILASPUR(C.G.)

IQAC of Sandipani Academy Pendri, Masturi, District Bilaspur (C.G.) organized a tree plantation on the occasion of World Nature Conservation Day in village Pendri, Masturi under the aegis of "Nature and Campus Eco Friendly Cell" of the Education Department. The main objective of celebrating "World Nature Conservation Day" is to make people aware to save our earth for which tree plantation was done by B.Ed trainees and alumini students of Sandipani Academy. This plantation program was successfully conducted in coordination with Mr. Mukesh Khutle (Assistant Professor) and Mrs. Suchitra Dey (Assistant Professor), Education Department and Sarpanch, Pendri village. Apart from this, we express our heartfelt thanks to our college Director Mr. Mahendra Chaubey, Administrator of Sandipani Academy Mrs. R. Senkhathir Shelvi, Principal of Education Department Dr. Rita Singh, Co-ordinator Ms. Dipti Singh Rathore and all the staff members who contributed equally in making this environmental awareness program successful.

STUDENT ADMISSION ENTRY BY USING "ERP" SOFTWARE

Through ERP software, admission related work of trainees, which includes their registration and TC, CC are also generated and other records are maintained digitally.

The screenshot displays the Sandipani Academy ERP software interface. At the top, there is a navigation bar with the academy name and a menu for 'STUDENT', 'STAFF', 'TRANSPORT', 'LIBRARY', 'STORE', and 'SCHOOL SESSION'. Below this is a 'MONITORING DASHBOARD' section with 'Export' and 'Print' buttons. The main content area is titled 'STUDENT REGISTRATION LIST, As on Date : 28-MAY-2024, 11:21 AM'. It features a table with columns for 'YEAR', 'BRANCH NAME', 'CLASS', 'STATUS', and 'SEARCH'. The table is currently empty, displaying 'No Folder Found!'. The search criteria are set to '2023-2024', 'EDUCATION - BILASPUR', 'B.Ed. I Year', and 'ADMISSION'. A search bar is available with a 'Search' button. The Windows taskbar at the bottom shows the time as 11:22 on 28-05-2024.
