About The College

Education department, Sandipani Academy is managed by Sandipani Academy, registered under Chhattisgarh Society Registration act. It is situated at Pendri (Masturi), Bilaspur. To gradually evolve as a thriving research and development centre for the teacher education and school education in the state and to offer such innovative teacher education programme that create the potential to produce high –quality educational personnel in future for the School System. To promote learning that stimulates learners to reach their full potential throughout their life and create, empowered, committed, compassionate and skilful healthcare providers who make a difference in building a healthy family, community and nation.

About the Webinar

Education is a significant sector in any nation, being a major investment in the human capital development. Education means a form of self-development in shape of learning, knowledge, skills and habits to be conveyed from one generation to the next. Looking back and flipping the pages of history, the importance of education for the economic, social and moral development of any nation can be observed. The world is undergoing rapid changes in the knowledge landscape. Henceforth education is one of the foremost human rights to be given priority and provided to all human beings solely by reason of being human.

This newly approved NEP 2020 talks about major transformational reforms in the Indian academic sector which are appreciated by many. Teachers will be recruited through robust, transparent processes. Promotions will be merit-based, with a mechanism for multi-source periodic performance appraisals and available progression paths to become educational administrators or teacher educators. NEP 2020 aims to ensure that no child loses any opportunity to learn and excel because of the circumstances of birth or background. Special emphasis will be given on Socially and Economically Disadvantaged Groups (SEDGs) which include gender, socio-cultural, and geographical identities and disabilities.

Objectives of the Webinar

1. To understand the fundamental aspects of NEP 2020.
2. To understand the new school education framework.
3. To know the approaches of Teacher Education.
4. To know the challenges to develop the new education framework.
